

## One Body

## Notes & Questions

Nov 25th, 2018

### Read/Reflect

- Read Romans 12: 1-8

### Discuss:

What was or is your most worshipful posture / place or space?

What are the patterns of this world that concern you? What worldly patterns can easily trap you?

What is the counter cultural message of the gospel that we need to be mindful of?

What has God recently revealed to you, in order to transform you by the renewal of your mind?

What are the spiritual gifts that Christians might consider better than some others?

How might that line of thinking harm the church?

What are the times / places / circumstances where you recognize we belong to the same body?

Share your best thoughts related to our vision:

***For the Glory of God New Life will be a catalyst for:***

***A Changed Life; A Diverse Community; A Changed Life***

### Pray

Thank the Lord for the blessing of his body (church)

Ask the Lord to reveal to us the patterns of the world that might be leading us away from flourishing as kingdom citizens.

Pray for the church as church leaders engage the process of discerning the Future Ministry Plan.
