7th Annual  
Gift Catalogue  
**2020**

*Dear New Life:*

We are excited to present to you the 7th Annual New Life Missions Christmas Gift Giving Catalogue—an opportunity for you to intentionally and personally impact those partnerships in which we’re building long-term relationships locally, regionally and globally. Help our missionaries and partners spread the Gospel—the good news of Jesus, Immanuel, God with us—the greatest blessing of all!

Each suggested gift has once again been specifically requested by our partners, chosen to address specific needs in their communities—gifts that will have a lasting effect. Mix and match with the various gift-giving ideas included in these pages.

Remember, all gifts are **tax deductible**; in blessing others, you are also blessed! **The first six catalogue campaigns raised over \$75,000! We are so grateful for all God has given to us, including this opportunity to give back to Him and bless our partners and missionaries.**

*Please note that funds received in excess of the specific needs of the partner charity listed in this catalogue may be redirected to other programs within the same charity.*

Blessings and Merry Christmas from the Missions Team!

*Kevin deWolde, Nathan Elgersma, Janet Hitchcock, Guy Miller,  
Jennifer Mnpungu, Yvonne Onderwater and Joel VanGalen.*

# New Life Missionaries:

## Missionary Support

Missionaries must raise their own monthly salary as they serve with a variety of organizations in local and global mission fields. For the current fiscal year, the New Life Mission Fund support is set at \$330 each month for a single missionary and \$550 each month for family missionaries. Your donations allow us to fulfill this commitment to these monthly figures. Your continued support is a true blessing!

In addition to monthly offerings, we receive funds to support our missionaries, partners and mission projects through coffee sales. To date, we have raised over \$35,000. Each dollar of those profits is turned right back into the mission fund.

With every pound of coffee you purchase, you also support whole communities in Honduras. In a relatively short period of time, Rio Olancho direct trade coffee has been recognized by the Honduran Coffee Institute for the tremendous positive impact it is having in the communities where it is grown. The coffee places near the top of the annual Cup of Excellence competition and growers are proud to be exporting their very best coffee to Canada. Buy a pound or 10 and enjoy a cup of excellence!

We thank you for your support and look forward to drinking a cup of ethical, fair-trade, shade-grown, organically farmed coffee with you! For more coffee info, visit [www.rioolancho.com](http://www.rioolancho.com).

# Laure, Honduras

## Hurricane Eta and Iota Response

Honduras and much of Central America was ravaged by 2 Category 4 hurricanes within 2 weeks, leaving a trail of destruction and heartbreak throughout the region.

Men, women and children were left homeless while churches, schools and any other stable structure became temporary shelters.

The back-to-back hurricanes left the ground heavily saturated and the land quickly succumbed to mudslides and flash flooding. And, as rivers and creeks overflowed, roadways became fast-moving waterways that carried away the debris of fallen trees and destroyed homes.

Reports confirmed that communities where World Renew works, including Laure, were affected and evacuations were taking place.

The back-to-back hurricanes have already caused so much devastation, but the danger isn't over. Continuing torrential rains threaten to cause more flooding and mudslides. Many of those affected by the flooding are subsistence farmers whose crops, their only source of income, have been washed away. Shelters are overcrowded and the looming threat of COVID-19 continues. An estimated 2 million people in Honduras do not have basic access to food, clean drinking water, shelter, sanitation and hygiene services.

The people of Latin America need our support and our prayers to weather the immediate hardships and the difficult rebuilding process ahead. We pray that God will bless the people affected by the hurricanes with courage as they move forward. We pray the rain and flooding will soon end and the people in shelters will stay healthy and COVID-free.

**World Renew is continuing to respond by providing food, shelter items and hygiene kits for families in Honduras. World Renew is looking to raise \$100,000 USD. The first \$25,000 USD will be matched 1:1 through their International Disaster Response Fund.**

# Fernando Trevino, Juventud para Cristo, Colombia

## **Donating to Fernando's Ministry in Colombia**

At this time, Fernando does not have a connection to a Canadian Charity, and as such, CRA regulations prohibit us from sending finances to his ministry. New Life Missions Team is working with Fernando and another Christian Ministry to connect Fernando with that organization so that we can once again support his ministry financially. This is a lengthy and complicated process, but we trust that God is directing this path and that He will make the way smooth.

**Fernando remains a New Life missionary and his ministry continues**—we support his ministry in prayer and encouragement while we wait for the legalities to be completed and we can support him financially once again.

In the mean time, Fernando continues to work with children and youth in Bogota and surrounding areas. He has requested help with giving children Christmas presents (see picture next page). We encourage you to help him, but you must follow the instructions provided to do so. You cannot give through New Life and New Life cannot issue receipts for the support you give Fernando at this time. If you wish to support the Christmas gifts fund, please do so directly with Fernando via the 2 options noted on page 14.

# New Life Missions

**For God's glory and honour, New Life will be a catalyst for:**

## **A RADICAL IMPACT**

New Life will share the good news of Jesus with those who don't know Him, bringing compassion, justice and peace into this world. Our influence will extend to individuals through mentoring Christian leaders and to neighbourhoods through partnering with others locally, regionally and globally.

Our goal is to create opportunities for all church members to participate in missions according to the gifts that God has given each one, that the love and grace of our Father may be evident to everyone we contact through missions, whether by word or by deed.
