

# Giving with Tokens

## What are tokens?

Tokens are pre-purchased cards that come in denominations of \$1, \$2, \$5 or \$10. Tokens can be given at any time toward any offering cause. Tokens can then be put in a donation envelope with your name and into the offering boxes on any given Sunday and will be applied to the scheduled offering for that day (unless otherwise specified).

## How do I get tokens?

Simply put your payment (cash or cheque) in a donation envelope, specify how many and the denomination of the tokens you would like, and the Counting Team will get the tokens to you. You can also submit an e-transfer for tokens, please include the same info in the memo line.

## Why use tokens?

People can use tokens for many different reasons. Some people use tokens as a teaching tool about tithing for their kids. Some people have set up regular automatic withdrawal, but would like to also participate in giving toward the special offerings. There are host of reasons to give using tokens.

If you have any questions about giving at New Life or tokens, please contact [finance@newlifecrc.ca](mailto:finance@newlifecrc.ca).
